SPOTLIGHT ON THE RESIDENTS

Cliff and I were fortunate to buy 733 Glengarry Court and became residents March of 2018. It has been a blessing to me to have made so many new friends in such a short time. Prior to living here, we lived in Holiday Park for 36 years. It became evident that we needed to move to a one-level house and started searching. I think we made a very good decision.

We are both Plum High School Graduates. I was born and raised in Plum. Cliff is a city boy raised in Garfield until his family moved to Plum for his high school years. I don't think we would have met if it hadn't been for his dad. I worked at a little neighborhood store, Lansberry's Market in Regency Park, after school and his dad would stop in for a few things on his way home from work. We would talk so I got to know him. It was his suggestion for Cliff to go to the store to meet me. I guess the rest is history. September 18, 2021 we will celebrate 50 years.

Cliff enlisted into the USAF in 1970 where he was an Electronic Warfare Specialist. After basic, he was assigned to Biloxi, Mississippi. After completion of his training there, he was assigned to Gibbsboro AFS in New Jersey. While

we were there, I helped to run The Base Exchange (BX) store until our son Cliff was born in 1974. We moved back to Pittsburgh following his discharge from the USAF where Cliff continued his education getting his Master's Degree from Robert Morris University. Cliff has had a wonderful career doing work that he loved. He was involved with starting-up computer centers for various companies. His favorite of all was working at Magee Women's Hospital as their CIO. After the merger with UPMC, he was asked to move up to Corporate where he was a VP of all the Community Hospitals until he retired in 2007. In 2009, he decided to open a computer services company for small businesses until it had to be closed due to health issues. I tell people he retired, became bored, started a company, and I got a full-time job!

We were blessed with our second son Michael in 1978. Both our sons are Plum grads. Our son Cliff was lucky to have had Sandy Appleman as his first-grade teacher. Both of our boys played in Plum Baseball leagues so the name of Claypool was also familiar to us. After baseball, Mike decided his real love was for hockey. He played goalie for Plum's Ice Hockey team. As time moved on, both of our sons married with two children each of their own. Cliff and Kathryn have twin daughters, Sierra and Alayna now

Sandy and Cliff Denholm

in their first year of college. Mike and Angela have a daughter Marley in 7th grade and a son Mikey in 5th grade. These 4 young people have given us so much pleasure. It is exciting to see where life takes them.

Living here at the Isles has been great so far, even with all the issues with Covid-19 this past year. We will soon be planning get-togethers with our neighbors again which includes clubhouse game nights (with my favorite being Mahjong), exercising, and soon the pool will be open again. Hope to see everyone at some or all of the activities. This is a wonderful neighborhood!

EXERCISE CLASSES

After a full year of pandemic isolation and a winter that felt eternal, spring is here! Julie Abbott will be resuming our chair exercises classes at the clubhouse. Our first class will be the first Wednesday in April which will be the 7th at 6:30 pm. We will see what interest there is at that time and determine how often we want to meet. Linda Kincel has donated an 80+” smart TV to the clubhouse so Curtis Adams, the DVD exercise instructor, will really be “in your face”!

Join us and together we will work on losing those “pandemic pounds”!!

ALBERT FEOLA OBITUARY- 753 GLENGARRY
